Knowall Case Study

RiverLake Software

KN■WALL
PRIVATE CLOUD COMPUTING

River Lake are leading providers of agency, manage-
ment and rating software for the UK commercial
property profession.

Their detailed knowledge of the commercial property
sector and collaboration with major UK property
agents ensure that River Lake software is specifically
designed to save clients time and money, reduce
their carbon footprint and improve their operational
efficiency.

Knowall works closely with RiverLake Software to
deliver their market leading, agency, management
and rating software, as hosted service.

With hosted RiverLake, you get all the powerful
features of the award winning software running on
our high performance, fully redundant enterprise
level hosting platform.

Users can rest assured that RiverLake will be fast,
always available and easily accessible from
anywhere on any device (windows, mac, iOS,
android).
